MEN are more Critical than ever about Quality these days

Especially In Hats

With material and labor higher it is more necessary than ever to look closely for values.

Our new Spring STETSONS not only are "style" distinctively, but they have unexcelled wearing and holding quality. They keep their shape as long as they last.

Let us show you the assortment we have selected for your approval.

SPARTACANS ATTACK TOWN

USING ARTILLERY IN ASSAULT ON ROTTEROP IN WESTPHALIA. RELIEF SENT.

By the Associated Press
COPENHAGEN, Feb. 20.—Spartan forces are bombarding the town of Rotterop in Westphalia with artillery, according to a message received here from Muenster. Assistance for Rotterop's defenders is being sent from Muenster, the message adds.

BOLSHEVIKI HAVE ARMY OF MILLION

LONDON, Jan. 15.—(Correspondence of the Associated Press)—Russian Bolsheviks have a well equipped and disciplined army of one million men and will have doubled its size and effectiveness in another six or seven months, says the Rev. Cyprus Richard Mitchell, American Young Men's Christian Association secretary who was in charge of the association's work at Kazan on the Volga river and who has returned from Russia after fifteen months of service in Bolshevik Russia.

Dr. Mitchell has just filed his report on the Russian situation as it applies to the American Y. M. C. A. work with the headquarters for the United Kingdom here.

The gravest danger to the Bolshevik regime, Dr. Mitchell believes, is famine. If the Bolsheviks can feed Russia for the next six weeks, they will continue in power indefinitely in the conclusion reached by Dr. Mitchell.

"If the Bolsheviks can hold control until the end of February they will probably carry on for another 12 months," he said. "In spite of the fact that I am not a Bolshevik, I do not believe it is possible for any non-Bolshevik party or combination to overthrow the Bolsheviks without a very liberal allied assistance. But the Bolsheviks have no right in Poland. Should the allies take control from the Bolsheviks and hand it over to non-Bolshevik Russia, I question very seriously whether these other parties could keep peace among themselves for more than a few months. The thing that makes the Russian situation so difficult is the fact that the Russian peasant and the Russian workman will not fulfill his usual obligations, or carry on his work. He is lazy, selfish and refuses to espouse the cause of either the Bolshevik or non-Bolshevik. I know this to be true in the conflict between the Bolsheviks and Czech-Slovaks along the Volga and I have abundant evidence to inspire me to believe that this is true all over Russia.

"It seems as if the capable and efficient Russian women will have to stem the flood of disorder and compel this Russian tumult and chaos to take on order and power. It is there. It will come. But it will come slowly and only after the heart of Russia is tortured by the tragedy of its present situation which it has not yet fully begun to feel and realize. Today and tomorrow morning it is theatrical, the outpouring of the native dramatic instinct of the Russian, but tomorrow noon will begin the serious sober reality to which we can build an international structure."

BERGER DENIED NEW TRIAL BY LANDIS

By the Associated Press
CHICAGO, Feb. 20.—Federal Judge Landis today refused to grant a new trial for Victor L. Berger, congressman-elect from Wisconsin, and other socialist leaders convicted on charges of violating the espionage act.

WOULD ENJOIN TELEPHONE COMPANY IN RATE MATTER
OKLAHOMA CITY, Ok., Feb. 19.—Attorney General Freeling this evening filed application in the Oklahoma County District Court for injunction against the Southwestern Bell Telephone company charging and collecting certain charges on long-distance service as per schedule inaugurated by the Postmaster General. Hearing on the application was set for Feb. 26. The Attorney General is asking for a temporary as well as permanent restraining order.

The question of whether the act of fixing charges is a thing the government can do in exercising police power over public service utilities will be presented to the court by Mr. Freeling. The act of the government taking control under certain conditions is not questioned, but he claims the making and enforcement of rates violates an order of a state tribunal with jurisdiction over intrastate business.

INDIAN BILL REPORTED FAVORABLY IN SENATE
WASHINGTON, Feb. 19.—With minor amendments, the senate Indian committee today reported favorably the annual Indian appropriation bill appropriating \$115,000,000, an increase of \$840,000 over the house bill.

PERSHING SAYS BREST IS O. K.

GENERAL AND SURGEON GENERAL INSIST CONDITIONS NOT BAD AS REPRESENTED.

By the Associated Press
WASHINGTON, D. C., Feb. 20.—Health conditions at Brest, France, general camp conditions and handling of troops through that camp received the "highest praise from all who inspected them since the first day," General Pershing reported today to the War Department as the result of recently published stories and a congressional witness describing Brest conditions as terrible.

General Pershing and the chief surgeon and inspector general of the A. E. F. all personally inspected the camp during the month. Total deaths among transients and permanent garrisons at Brest from Nov. 12, 1917, to Feb. 7, 1919, were 1,311. Over 500,000 men entered France via Brest and over 160,000 left the same way, Pershing's report says.

TAFT DENOUNCES LEAGUE OPPONENTS

SAN FRANCISCO, Cal., Feb. 19.—"The gentlemen in the Senate who are setting out to defeat this league of nations are those I would not trust over night," former President William H. Taft said here today at a luncheon in his honor by civic organizations as a part of the program of the Pacific Coast Congress of the League to Enforce Peace.

"They are citing the Constitution as an argument against it," continued Mr. Taft. "I revere and worship that great instrument and it is a new story to me if the Constitution prevents this people from praying their part in bringing peace and order and happiness to ourselves and the other peoples of the world.

"This is not a political question, God forbid. I am glad President Wilson went to Europe because he went bearing a promise of a league of nations."

"The application at this time of the doctrine of avoiding entangling alliances is reactionary to the extent of delaying world peace 100 years."

"The question at this time is whether the whole great plan of the league of nations is to be defeated because we can't get a two-thirds majority of our senate for its ratification."

FREE ADVICE ON INCOME TAX MATTERS

Get ready for the Income Tax man. He will arrive in Ada, Okla., on Monday, Feb. 24 and will be located at Arcade hotel, where he can be consulted without charge.

"Bring in your figures, your problems, your doubts, and your question," is his invitation contained in the announcement of his coming visit.

Collector of Internal Revenue, Hubert L. Bolen, is sending one of his deputies, T. J. Galloway, solely to help people in this vicinity to determine their individual liability and to comply with the law's requirements as to 1918 incomes.

His office hours will be from 9 a. m. to 5 p. m. each day, and he will remain in town until the close of business on Thursday, Feb. 27th.

"This free advisory service," writes Collector Hubert L. Bolen, "is planned for those who are required for the first time to consider their liability and to make sworn returns."

"Many thousands who were not affected by the prior Federal laws taxing incomes must this year file returns. Here are the requirements:

"Every unmarried person who had a net income of \$1,000 or over during 1918; and every married person who, together with wife (or husband) and minor children, had a net income of \$2,000 in 1918.

"The advice and services of the Deputy Collector are entirely free, and he is authorized to administer the oath required on returns, free of charge. Persons who are taxable should make payment when filing their returns by attaching check or money-order.

"This tax is a war burden; it is a part of the price of victory, the greatest victory that the world has known. I believe the people of this District will meet it fully; and I am offering every facility of my office to aid them to determine their individual liability."

COMMANDER OF RUSSIAN EXPEDITION SAYS REPORTS EXAGGERATED.

FRENCH RAILROADS SHORT OF EQUIPMENT

PARIS, Jan. 23.—(Correspondence of The Associated Press)—France, as a result of the war, finds itself short of 3,000 locomotives and 100,000 cars, while the transportation material that is still nominally on the active list is badly out of repair. The shortage of rolling stock has become very acute lately, for the number of locomotives and cars out of commission for various defects has increased since July last by 10 and 30 per cent respectively.

To meet the growing difficulties in the matter of repairs, the state munition factories at Lyons, Toulouse and Roanne have, since the armistice been turned with all speed into railroad repairing shops.

The French government has long hesitated to place orders in the United States, where alone new rolling stock could be procured, for fear of depressing the French rate of exchange unduly; but the country's needs became so pressing that orders have now been given, it is understood for purchasing \$800 locomotives and 32,000 cars, while 27,000 American cars that were to have been shipped to France for the use of the American Expeditionary Force have also been acquired.

Perhaps the biggest task before the French transportation experts is the restoration of the destroyed railway tracks in the invaded part of France. An army of 75,000 workers will be engaged on this great work for months. It includes the reconstruction of fourteen tunnels and 16,000 bridges, for which 50,000 tons of metal are required.

In addition, hundreds of miles of main and branch lines have been temporarily "borrowed" for military purposes from elsewhere, and must now be relaid.

The departments affected have been divided up into sections, for each of which a "chief reorganizer" has been appointed. Each of them has been required to give an undertaking that he will have his section in proper working order as regards transportation, in the course of the present year.

An appropriation of 120,000,000 francs has been made by the government to enable the railway companies to purchase rolling stock for urgent public needs. The minister of Public Works has declared that, in his view, the restoration of France's Northern and Eastern railway systems should be made a first charge upon the war indemnity to be paid by the enemy.

WILSON EXPECTED TO ARRIVE MONDAY

BOSTON, Feb. 20.—The steamship George Washington carrying President and Mrs. Wilson will reach this harbor about 1 P. M., Monday, according to a radio message from the vessel to First Naval District today.

Attractions of Treves.
It is as an ecclesiastical city that Treves is particularly interesting. In that famous cathedral are the remains of 25 archbishops and electors and four bishops. Among its treasures is a legendary nail from the Cross, and the famous Holy Coat, given the cathedral by St. Helena. In 1891 an exhibition of the Coat attracted more than 2,000,000 pilgrims. Another attraction for pilgrims is the grave of St. Matthias in one of the ancient churches—the only grave of an apostle in Germany.

Use Your Knowledge.
It is a self-evident fact that the people who know the most do not always accomplish the most. And that is because many do not know how to use their knowledge. It is like gold buried in the ground instead of being invested and bearing a good interest. Do not trust for your success to knowing things, for it depends instead on your knowing how to use what you know.

Signs of Mourning.
In Italy the women wear white garments to show their grief, and the men clothes of brown hue. In China white is used for mourning by both sexes. In Turkey, Syria, Cappadocia and Armenia celestial blue is the usual tint. In Egypt yellowish brown, the hue of the dead leaf, is deemed proper; and in Ethiopia the natives wear gray as the emblem of mourning.

EXTRA LONG WEAR FROM SHOES

T. D. Collins of Okla., Hawaii, makes a remarkable statement which demonstrates the money-saving durability of Neolin Soles.

He writes: "After wearing a pair of Neolin-soled shoes off and on for thirty-three months, I went on a trip to the volcano of Kilauea and walked around the crater over hot lava six times and still the soles showed only slight signs of wear."

This experience is not accidental. It results from the scientific process by which Neolin Soles are made to be exactly what shoes should be—comfortable, waterproof and exceedingly economical because of the long wear they give.

Get them on new shoes for all members of the family and have them put on worn shoes. They are made by The Goodyear Tire & Rubber Company, Akron, Ohio, who also make Wingfoot heels, guaranteed to outwear any other heels.

"A Peanut Campaign" is the caption of an article in the Wetumka Gazette. However, it refers to a campaign to encourage the raising of old fashioned gobbers, and not to a well known brand of politics.

If Henry Ford wins and collects his million dollar libel suit against the Chicago Tribune, he will have reimbursed himself for his peace voyage to Europe during the early days of the war when he was going to have the soldiers out of the trenches before Christmas.

Under the old regime the German army was the chief pride of the nation, but if the allies carry out the announced plan of forcing the Huns to keep their army down to 25,000 men there will not be much left to be proud of. It will put thousands of titled loafers out of their jobs as officers and these will have to go to work. This bunch will howl mightily at the tyranny of the conquerors.

If a recent verdict rendered by a federal district court in Texas and sustained by the court of appeals becomes an established precedent, it will be a jolt in pleading self defense in murder cases. In this case the defendant killed a man who was coming at him with a knife. The court held that he should have run instead of shooting his assailant and he was given a sentence of fifteen years.

The workmen's compensation bill passed by the Oklahoma senate is about as one sided a piece of legislation as has come up in long time. It was evidently drawn to hit the other fellow and exempt the classes the committee feared most. Certainly the life and limb of one laborer is worth as much as that of any other, but the senate voted down a proposition to include men working with threshers, hay balers and other dangerous farm machinery and also exempted men employed in mercantile establishments, besides others who should be entitled to the benefits of the law.

The man who was disabled by military service need not brood over the prospects of a cheerless existence. The government through the Federal Board of Vocational Education makes a generous offer to educate these men in some line of work free of cost to themselves and all expenses paid while learning any one of the large number of trades open to these men. Many who never had the advantage of technical training will thus be given a chance and the remainder of their lives may be spent in comparative comfort instead of being just a meager existence. The men who made prodigious sacrifices for their country will thus be given another chance and much privation will be spared them through the arrangements made by the government.

Hard-working men and women who are burdened with a torpid liver, feel tired, lazy and discouraged. They know they are lazy and they are ashamed, yet it is nothing to be ashamed of. The thing to do is to get the liver started again and to purify the stomach and bowels. There is no better remedy for this purpose than Prickly Ash Bitters. A few doses corrects the trouble and makes work a pleasure. Price \$1.25 per bottle. Gwin & Mays Drug Co., Special Agents.

DAILY HEALTH TALKS

The Many Mysteries of Nature

BY L. W. BOWER, M. D.

You can take an onion seed and a pansy seed, and plant them side by side in the same spot of ground. In one case, you get an onion, with its peculiarly strong odor, and in the other you get a flower of rare beauty. You can plant a poppy seed and get opium (a dangerous, habit-forming drug), or you can plant a rhubarb seed and get something that helps constipation.

No scientist, living or dead, can explain these mysteries of Nature. Behind the invisible life germ in each seed is hidden the deep secret that nobody understands. Everything growing out of the ground seems intended for some use in establishing natural conditions. Dr. Pierce, of Buffalo, N. Y., long since found out what is naturally best for women's diseases. He learned it all through treating thousands of cases. The result of his studies was a medicine called Dr. Pierce's Favorite Prescription. This medicine is made of vegetable growths that nature surely intended for backache, headache, weakening iridians, bearing-down pains, periodical irregularities, pelvic inflammations, and for the many disorders common to women in all ages of life. Dr. Pierce's Favorite Prescription is made of lady's slipper root, black cohosh root, unicorn root, blue cohosh root and Oregon grape root. Women who take this standard remedy know that in Dr. Pierce's Favorite Prescription they are getting a safe woman's tonic so good that druggists everywhere sell it.

Favorite Prescription should have the full confidence of every woman in America because it contains no alcohol and no narcotic. Dr. Pierce knew, when he first made this standard medicine, that whiskey and morphine are injurious, and so he has kept them out of his medicine. Send 10c to Dr. Pierce's Invalids' Hotel, Buffalo, N. Y. for trial pkg. Tablets.

In the matter of the application of the Lone Star Telephone Company, the Rocky Chapel Telephone Company, and A. H. Simpkins et al to build and construct Telephone Lines along certain highways and section lines of this County, the following order was made:

State of Oklahoma, County of Pontotoc.

Before the County Commissioners of Pontotoc County, Oklahoma, in the Matter of Granting Right-of-Way for Telephone Lines.

Order.

Now on the 3rd day of February, 1919, the application of the Rocky Chapel Telephone Co., The Lone Star Telephone Co., and A. H. Simpkins et al for permission and franchise to use the highways and Section Lines of Pontotoc County for the purpose of placing poles, lines, wire and equipment for a complete telephone line having been filed and coming on for hearing at this date; and the evidence having been heard by the Board of County Commissioners, and it appearing to the Board of County Commissioners that the granting of such Franchise would be of value to the County and the citizens thereof, and the Board therefore so finds, and that such Franchise and Permission should be given:

It is Therefore Ordered, Adjudged and Decreed by the Board of County Commissioners, in regular session assembled, that there is hereby granted

to the above named persons and companies and their successors and assigns, permission to use the highways, roads and section lines of Pontotoc County, State of Oklahoma, for the purpose of building, constructing and maintaining thereon a line or lines of poles, wires, and equipment for full and complete telephone lines, such highways, roads and section lines being described as follows, to-wit:

To The Rocky Chapel Telephone Co.: Beginning at the South end of Johnson Avenue of the City of Ada and continuing thence South between Sections 4 and 5, 8 and 9, 16 and 17, 20 and 21, 28 and 29, 32 and 33, Township 3 North and Range 6 East, also between Sections 4 and 5, and 8 and 9 Township 2 North and Range 6 East, with additional connecting lines as needed.

To The Lone Star Telephone Co.: Beginning at the Southwest corner of Section 16, Township 2 North and Range 6 East and continuing on the East and South side of the Section lines between the following sections, to-wit:

Between Sections 16 and 17; 9 and 10; 3 and 4; Township 2 North and Range 6 East, and Section 33 and 34; 27 and 28; 21 and 22; 15 and 16; 9 and 10; and 3 and 4, Township 3 North and Range 6 East to the City limits of the City of Ada, Oklahoma. The said line being 10 miles in length with connecting lines additional.

To A. H. Simpkins et al.: Beginning at the West end of 6th Street, Ada, Oklahoma, thence along the Ada-Center road to the Southeast corner of Section 27, Township 4 N and Range 5 E. Thence North on the East side of said Sections 27 and 22 to the Northeast corner of Section 22, thence West on the North side of Section 22 and 21, thence North on the East side of Section 16, thence West on the North side of Section 16. This description is intended to mean the North side and the West side of such highways and section lines.

THE BOARD OF COUNTY COMMISSIONERS OF PONTOTOC COUNTY, OKLAHOMA, BY I. R. GILMORE, Chairman.

(SEAL)
Attest: M. GARNER, County Clerk.

RESOLUTION NUMBER ONE.

By the Board of County Commissioners of Pontotoc County, Oklahoma: Whereas, the County of Pontotoc, State of Oklahoma, has caused this application to be granted by the Department of Highways and vouchers for the amount of money to the credit of Pontotoc County or hereafter to be collected from such source in Pontotoc County and 17-5 and NW NE 18-5-5, Taxes during the fiscal year ending June 30, 1919, such application setting out in detail the action of the Board relative to the expenditure from the 1-4 mill levy for County Construction Fund.

Now therefore be it resolved by the Board of County Commissioners of Pontotoc County, Oklahoma, THAT, in the event this application is granted by the Department of Highways and vouchers for the amount of money to the credit of Pontotoc County in the State Depository derived from the State 1-4 mill levy, or hereafter collected in Pontotoc County and remitted to the State Treasurer during the fiscal year ending June 30, 1919, derived from such fund, are remitted by the Commissioner of Highways to the Treasurer of this County (presuming that the total amount remitted by the Commissioner of Highways will be equal to the amount collected in the County Road Construction Fund of County 1-4 mill levy) it is the intention of the Board of County Commissioners of Pontotoc County to use the money obtained from the State Highway Construction Fund and received from the Commissioner of Highways for the improvement of the following roads in Pontotoc County, to-wit:

Section "G," Ada-Center Road, Section "P," Ada-Allen Road, Section "S," Ada-Franks Road, Section "T," Franks-Roff Road, Section "D," Ada-Fitzhugh Road.

And County Engineer be and he is hereby instructed, to see soon as he may be notified by the County Treasurer that the funds above mentioned have been received from the Commissioner of Highways, make a complete survey and prepare profiles, estimates and reports on the above described State Roads, provided, however, that in making such preliminary survey, when it is apparent that the road work necessary on any length exceeding 100 feet, shall be less than five per cent will be machine grading only, he shall estimate the work to be done, without great accuracy of measurement or calculation of earth work but taking sufficient elevations to plan an approximate profile. On portions of the road where earth is to be moved by the cubic yard he shall make a careful survey and on all work his report shall be complete as to the bridge, culvert and drainage work necessary. In making his estimate for such work the County Engineer shall separate the items that are to be paid for out of the State Highway Construction Fund, such as road work, from those to be paid for from the Road and Bridge Fund, such as Bridge and Culvert work.

As rapidly as such survey are complete and plans, profiles, etc. are completed, submitted and approved by the Board, in duplicate, the Engineer is directed to immediately forward such duplicate copies to the Department of Highways for the approval, and upon receipt from the Department of Highways of approved copies of such plans, profiles, estimates, etc. the work on the roads herein described shall proceed as directed by this Board and under the general supervision of the County Engineer.

On completion of all or any part of the work all claims will be paid only after having been certified as correct by the County Engineer.

Provided further, that these instructions, as to surveys, shall apply to roads, and culverts, surveyed since State Roads were established. It is the intentions of this Board to

construct, so far as means will permit, continuous State Roads leading from town to town, and that such work shall be permanent as to the bridges and culverts and as to the roads so far as it is possible to construct permanent earth roads.

Passed and approved this 3rd day of February, 1919.

Articles of Association of the Pontotoc County Good Roads Association.

Realizing that the building of good roads is the first essential to the progress and welfare of Pontotoc County, we, therefore, do hereby associate ourselves together to further such object and do adopt the following Constitution:

Article 1.—Name. The name of this Association shall be the Pontotoc County Good Roads Association.

Article 2.—Purpose. The purpose of the Association shall be to promote the building of good roads throughout Pontotoc County and in the State of Oklahoma, and to cooperate and keep a check upon all public officials in the expenditure of funds in construction of highways; to aid in securing state and federal legislation affecting the building and maintenance of roads; to aid in securing an equitable apportionment of any state or federal funds appropriated for the construction or maintenance of highways; to aid in location of state and national highways.

Article 3.—Membership. The membership of the Association shall consist of such persons, firm, corporation or club as shall contribute \$2.00 as a membership fee for each individual membership as such individual, firm, corporation, association or club may designate, which fee shall constitute the dues of each such member for the first year. Annual dues thereafter shall be fixed by the Board of Directors for such an amount and under such terms as they may deem best.

Article 4.—Board of Directors. The business of this Association shall be conducted by a Board of Directors consisting of seven members, and they shall elect from among their number the officers of the Association, except that the Secretary may not be a director.

Article 5.—Officers. The officers of the Association shall consist of a President, a Vice President, a Secretary and a Treasurer.

There shall also be an "Advertising Manager" appointed by the Board of Directors who shall be ex-officio member of said Board.

Article 6.—Duties of Officers. The President shall be the chief executive officer and shall preside at all meetings of the members and the Directors. The Vice President shall act in the place of the President in the absence of the latter. The Secretary shall keep a record of all meetings of members and of the Directors and shall perform such other duties as the Directors shall direct. The Treasurer shall be the custodian of the funds of the organization and shall have charge of their collection

SYNOPSIS.

Act 1. Scene, Emperor's Garden.
A great fete is being held in honor of the coming of age of the Emperor's daughter, Princess Chrysanthemum. She is loved by Prince So-Tru, and returns his affections; but he has a rival in the person So-Sli, who seeks the aid of Saucer Eyes, the Wizard Cat, who carries off the Princess to the cave of Inky Night, leaving the Emperor and Prince So-Tru distracted at her strange disappearance.

Act 2. Scene, Cave of Inky Night.

Princess Chrysanthemum imprisoned in the cave of Inky Night, with the aid of a magic ring summons the Fairy Moonbeam who is about to help her when she drops the ring and cannot find it. Fairy Moonbeam disappears at the loss of the ring, and the unhappy Princess is left to bewail fate. Prince So-Tru manages to obtain entrance to the cave, and finds the ring, which at once causes Fairy Moonbeam to return and aid him. At this moment the Emperor arrives with his attendants, and takes Saucer Eyes prisoner, bearing him in triumph to his palace.

Act 3. Scene, Same as I.

Threatened with torture, Saucer Eyes confesses the simplicity of Prince So-Sli, whom the Emperor orders to instant execution. This, however, is frustrated by the appearance of Princess Chrysanthemum, accompanied by Prince So-Tru and Fairy Moonbeam with her band. The Emperor pardons Saucer Eyes, and So-Sli at the Princess' request, and gives her hand in marriage to Prince So-Tru, thus bringing everything to a happy conclusion.

SIX MONTHS IN JAIL FOR MISSOURI JUDGE

By the Associated Press
KANSAS CITY, Mo., Feb. 20.—The surrender of former Judge J. S. Evans, to begin his jail sentence for contempt of federal court has added another chapter to the tangled history of the fight to compel a county in the Missouri hills to pay a bonded indebtedness for a railroad never constructed.

It was in 1871 that Dallas county, with other Missouri and Kansas communities, saw visions of tremendous industrial development. Strangers appeared with a "pen and paper" railroad from St. Louis to Fort Scott, Kan., and Dallas county voted \$225,000 bonds as a bonus to the promoters.

The road was never built, and Dallas county's "paramount issue" was born when the first interest payment fell due. In all political campaigns, candidates for county judgeships have cried, "We will refuse to pay the bonds." After election successful candidates have gone to the hills to avoid taking action.

The bonds eventually went to an eastern capitalist who resumed the litigation of his predecessors to collect interest. Judgments had been entered into from time to time in federal court. By 1911 the principal and accrued interest had reached \$1,023,000, payment of which would take 18 cents on every dollar of valuation in the county, it was said.

A judgment was obtained and the federal court directed the Dallas county clerk to call a special election to vote bonds to pay \$70,000 of the interest. With that action, the county clerkship was added to the list of reclusive officialdom of Dallas county.

Efforts to serve summons on the jurists were redoubled. Poses of deputies from the United States Marshal's office in motor cars rolled along the trails through hills and woods. Others, disguised as fishermen and hunters, treaked through thickets and along creeks without success.

Federal Judge Van Valkenburgh issued an order of contempt against the three Dallas county judges last March. Judges Monroe Guley and J. E. Thomas sought the safety of the woods. In the night, deputies surrounded Judge Evans' home and he was brought into federal court where he refused to agree to a bond levy and was sentenced to six months in jail for contempt. The Court of Appeals recently affirmed the decision and the judge, who had been released pending decision, appeared to begin serving sentence.

Judge Evans, who is now out of office and therefore has no power to act on the tax levy, was taken to Springfield, Mo. Whether he must serve his sentence is still somewhat in doubt.

Meanwhile, Dallas county is without a railroad.

40 YEARS ON THE JOB

I put 40 years in the study and practice of medicine and pharmacy before I was fortunate enough to secure and perfect the wonderful prescription for "Number 40 For the Blood" and at this late date in life I would not offer suffering humanity a medicine that I did not believe better than any offered by any doctor or druggist. I have observed the effect of "Number 40" in thousands of cases and can safely recommend it in all diseases of the blood such as specific blood poisoning, in chronic rheumatism, catarrh, constipation, stomach and liver diseases, to cause sores and ulcers and heal and disperse nodes, tumors and scrofulous swellings. INFORMATION WANTED OF DISABLED SOLDIERS

WASHINGTON, Feb. 20.—A call is being sent out by the Federal Board for Vocational Education at Washington, to patriotic individuals all over the country asking assistance in getting the Board in touch with returned soldiers who have been disabled, but who are making an attempt to work at some occupation, and are not succeeding well.

The Federal Board offers to these men the choice of over 400 trades, occupations and callings from which to select one, and in which the board will make the student proficient. He will be allowed \$55 a month support while in training. If he is married and has children, there will be allowed \$30 a month for his wife and \$10 a month for each child up to three. All expenses incident to the course of training are paid by the federal board. When he has finished and is pronounced competent, there will have been found for him a position in that line for which he has been re-educated, and preferably in or near his former home. This placement, wherever possible, is made so as not to interfere with ties, associations and interests which the man may have. When he qualifies after a trial, and is pronounced competent, his pay begins, which is the same as that received by other competent men doing the same work. His support allowance ceases when he goes in the pay roll, but at the same time his compensation from the War Risk Insurance Bureau begins and supplements his income. This compensation is absolutely unaffected by whatever he may be able to earn.

The Federal Board welcomes correspondence from those men who have tried to "carry on" and find they are hampered by their disabilities. The interest of citizens who may know of such cases is always welcomed and those who send into the Board at Washington addresses of men who are making a brave but unavailing struggle are conferring a favor upon those men because they are opening the door to opportunity to all such.

NEW CALOMEL IS BEST FOR COLDS AND INFLUENZA

Doctors Now Prescribe Calomel, the Purified Calomel, That Is Safe and Nauseless.

Doctors are warning the public that simple colds and mild cases of influenza often lead to pneumonia and other serious complications. They say that every cold should receive immediate attention and that the first step in the treatment is to make sure that the liver is active. For this purpose, Calomel, the perfected, nausealess calomel that is freed from danger of salivation, is the surest, best and most agreeable laxative.

One Calomel at bedtime with a swallow of water—that's all, no salts, no nausea, no danger and no upsetting of the digestion and appetite. Next morning your cold has vanished, your liver is active, your system is purified and refreshed and you are feeling fine with a hearty appetite for breakfast.

For your protection, Calomels are sold only in original sealed packages, price thirty-five cents. All druggists recommend and guarantee Calomels by offering to refund the price if you are not delighted with them.—Adv.

BRITISH GIRLS SLOW TO RETURN TO OLD WORK

By the Associated Press
LONDON, Jan. 30.—The time was when Americans, harassed by the servant problem, came to England to live. Here they could keep house in peace and sing the virtues of English domesticity, making comparisons based on experience in the United States with servants of every race and color. They declared that from housekeeper and cook—general to nurse and between-maid the English serving women had no peers. They worked harder, better, longer hours, and with more willingness and for less pay than servants in any other part of the world.

Now many of these Americans are returning home. They have not modified their notions about English servants, but they simply cannot hire them any more. England, as a result of the war, is having her own servant problem.

The trouble began when the servant girls flocked into war work. Householders were greatly inconvenienced and large numbers closed up their dwellings and moved into hotels. Others did their own work, expecting the servants would return when the war ended. But the fighting has been over a long time now, scores of munition factories have closed, and still the girls have not returned to their old employment. Whether they ever will return is a favorite subject of gloomy speculation at many a tea table.

Of the hundreds of thousands of servant girls that responded to the call for patriotic service very few, according to employment agencies, are going back to domestic work. For thirteen weeks they have the \$4.75 a week provided by the government until they find other employment, but unless the girls have homes to go to, that is scarcely enough to shelter and feed them.

Many with aptitude and skill will continue at factory work, taking the places of men killed or crippled in the war. Thousands driven by restlessness will emigrate, it is believed to America and to the dominions to seek industrial employment not available to them here. Other thousands will marry soldiers when the army is demobilized.

The majority, however, in the opinion of employment agency officials, will sooner or later have to return to domestic service.

But, according to a woman spokesman for the girls, it was the taste of factory-life freedom even more than novelty of high wages that is the chief cause of their present discontent. She cited as typical the conditions under which chambermaids in a big London hotel work.

"They receive," she said, "13 shillings a week for a working day of from 13 to 15 hours. Once a week they are allowed off from 4 o'clock in the afternoon until 10:30 p. m. until 10:30, and they are given a full day off once a month."

Efforts are being made, it is said, to form a chambermaids' union for the purpose of securing shorter hours better food and working conditions and more pay.

GOLDEN JUBILEE OF CARDINAL GIBBONS

By the Associated Press

WASHINGTON, Feb. 20.—Roman Catholic clergy and laity gathered here today to pay homage to the venerable head of the church in the United States, James Cardinal Gibbons, at the celebration of his golden jubilee. Pope Benedict was represented by Archbishop Cereelli who brought the Pontifical blessing from Rome. Among the prelates here for the services are Bishops Lynch of Dallas, Meersworth of Oklahoma and Morris of Little Rock.

Notice to Owners of Chickens. As gardening time is approaching, several complaints have been made about chickens and other fowls running at large and trespassing upon adjacent premises.

Notice is hereby given that it is a violation of the city ordinance for chickens, ducks, geese, turkeys and other fowls to run at large and hereafter said ordinance will be fully enforced against all who permit their fowls to run at large and trespass upon their neighbor's premises.

Those owning any of such fowls take notice and keep them in.

THE MOST DANGEROUS OF ALL DISEASES

No organs of the human body are so important to health and long life as the kidneys. When they slow up and commence to lag in their duties, look out! Danger is in sight.

Find out what the trouble is—without delay. Whenever you feel nervous, weak, dizzy, suffer from sleeplessness, or have pains in the back, wake up at once. Your kidneys need help. These are signs to warn you that your kidneys are not performing their functions properly. They are only half doing their work and are allowing impurities to accumulate and be converted into uric acid and other poisons, which are causing you distress and will destroy you unless they are driven from your system.

Get some GOLD MEDAL Haarlem Oil Capsules at once. They are an old, tried preparation used all over the world for centuries. They contain only old-fashioned, soothing oils combined with strength-giving and system-cleansing herbs, well known and used by physicians in their daily practice. GOLD MEDAL Haarlem Oil Capsules are imported direct from the laboratories in Holland. They are convenient to take, and will either give prompt relief or your money will be refunded. Ask for them at any drug store, but be sure to get the original imported GOLD MEDAL brand. Accept no substitutes. In sealed packages. Three sizes.

New Ambulance.
J. W. Shelton & Co. have just received and put into operation one of the most up to date ambulances in the state. It is run by a Willys-Knight motor and is finished with birdseye maple on the inside. All

kinds of modern conveniences are attached to the car. It is equipped with a double spring that reduces the jar and thereby gives more ease for the patient. The car has side seats in it and can be used for a pall bearer car.

LEGISLATIVE PROCEEDINGS

OKLAHOMA CITY, Feb. 19.—The Senate this evening, adopting an amendment of Senator Kerr of Muskogee, transferred the enforcement and supervision of the "Blue Sky" bill by Senator Simpson from the State Bank Commissioner to the Corporation Commission, and with a few other amendments advanced the bill to third reading. It was explained by the author that the bill was copied in great part from the Kansas law. It provides for inspection and approval of all stock selling propositions, and another amendment by Kerr includes bonds. An amendment also by Senator Kerr changes the fee for constitution from \$1 to \$5.

In making his motion to place the enforcement of the law in the hands of the Corporation Commission, Senator Davidson said he believed that the Commission had more time to look after the work than the Bank Commissioner. He said many of the concerns would be oil companies and the Corporation Commission is already in possession of much information bearing on the character of stocks that would come up for inspection. Senator Snyder shared the opinion of Senator Davidson.

An amendment would require reports of all companies selling stock to be made to the Commission once a year. The bill requires these reports to be made every quarter. He also wanted violation of the act made a misdemeanor instead of a felony, as provided, but this did not prevail.

Senator Kerr offered another amendment which would eliminate the section affording appeals from the Commission to the courts. This was voted down. An amendment by Senator Thomas, adopted, changes the

commission in stock selling from 5 to 10 per cent. The bill itself affords an organization expense of 15 per cent, and this was not altered. In placing the enforcement of the law in the hands of the Corporation Commission, a salaried position of \$2,500 a year was also eliminated. In the opinion of members of the Senate the proposed law is a wholesome one and drastic enough to curb much wildcat stock selling. The measure, it was explained, does not interfere with any legitimate proposition.

The Senate passed finally the House bill by Smith and Newman abolishing terms of the County Court in Caddo and Bennington, in Bryan County, and that of Henry extending time for the payment of 1918 taxes. The bill, which has now passed both Houses, makes the first half of the 1918 taxes come due March 1 and de-

Proceedings in the House.
The House committee of the whole advanced appropriations for State Institutions. They include a State Training School for negro boys, \$30,000; deaf and blind school for negro boys and girls, \$97,890; home for white orphan children, \$80,000; school for white blind children, \$180,000. An amendment containing \$10,000 for a residence for the Superintendent of Schools was laid over until another day. School for deaf at Sulphur, \$201,500; boys' training school at Pauls Valley, \$35,400; another for the same school \$119,920; university hospital, \$171,120; another for the hospital, \$10,000; Confederate Home at Ardmore, \$77,000; for union graded and consolidated schools, \$125,000; Oklahoma Geological survey, \$12,000; for maintenance for the same, \$65,000; Institute for feeble-minded, \$272,000. This totals \$1,727,540. Appropriations made by the House on Tuesday amounted to five and a half millions. The amendment offered by Mr. Disney of Muskogee to the bill carrying the appropriation for the school for blind at Muskogee of \$10,000 for the superintendent's home, met with opposition from Akers and Morgan of Creek. Cheatham offered to cut the amount down to \$5,000. Chairman Harrison of the Appropriations committee explained that this matter was not presented to his committee. Akers was of the opinion that the Superintendent was paid enough to "furnish his own home."

In the bill making an appropriation for the State hospital was an item of \$60,000 for a nurse's home. This was originally intended to take effect in the 1921 fiscal year, but on motion of Robertson of Oklahoma it was made to take effect this year. Cheatham wanted to strike the whole item from the list, declaring that the State should not go into business of furnishing a school for nurses.

The House worked for a time on Senate bills. The bill creating two divisions of the Supreme Court and providing for a referee was laid over on announcement that the matter was pending conference in the Senate. Another bill, relating to certain bonds was laid over for a day.

A bill introduced in the Senate today by Cordell of the Senate and Morgan (Creek) of the House, would establish a minimum wage and provides for the same pay for males and females doing the same character of work and putting in the same number of hours. The minimum wage is \$12.50 for a week of forty-eight hours.

Bills introduced in the House are: By Knight, relating to the duties of the County Boards of Equalization in distributing assessed valuation of property as fixed by the State Board of Equalizations; Harrison, refunding to J. S. Mullen of Ardmore \$15,606.75 gross production tax erroneously paid.

Singing wires.
The singing of telegraph wires is sometimes regarded as a weather prognostic, though opinions differ as to the kind of weather it foretells. There has been much discussion as to the cause of this sound. Probably it is simply the aeolian harp effect, and its occurrence depends chiefly upon the direction of the wind in relation to the direction in which the wires run. Variations in the pitch of the sound depend upon changes in the tension of the wires with varying temperature.

Taxes Extended.
OKLAHOMA CITY, Feb. 20.—All taxes in the state which were due November 1 were extended to March 1 by a house bill which the senate passed yesterday. The taxes will not become delinquent until May 1.

The bill was passed for the benefit of counties in the southwestern part of the state that were hit by the drought last fall but applies to the entire state.
